

YASSER KHAN

SOFTWARE DEVELOPER

Email: yasserkhan.it@gmail.com

Phone: [9886766992](tel:9886766992)

Location: Bengaluru, Karnataka

EDUCATION

CMR University

Bachelor of Computer Applications
(2021-2024)

- **CGPA:** 6.62
- Key Subjects: Software Engineering, Database Management Systems, Algorithms, Data Structures

Presidency University

Pre-University Course (PUC)
(2019-2021)

- Emphasis on Computer Applications and Business Studies.

Tunbridge High School

Secondary School Certificate (10th Std)
(2009-2019)

- Strengthened analytical skills in Mathematics and Science

SKILLS

- **Programming Languages:** JavaScript, HTML, CSS, React, SQL
- **Database Management:** MySQL, MongoDB
- **Software Development Tools:** Git, GitHub, Visual Studio Code
- **Concepts:** Object-Oriented Programming (OOP), Data Structures, Algorithms, API Integration
- **Soft Skills:** Problem-Solving, Analytical Thinking, Team Collaboration

ABOUT ME

Motivated and detail-oriented software developer with a Bachelor's degree in Computer Applications and six months of hands-on internship experience. Proficient in developing, deploying, and maintaining full-stack web applications. Skilled in problem-solving, collaborating with cross-functional teams, and delivering user-friendly software solutions aligned with modern development standards.

WORK EXPERIENCE

Junior Web Developer Intern Shinedan Ventures

- Collaborated in the design and development of scalable, modular applications using React.js and Node.js.
- Optimized database structures for faster data retrieval, reducing query times by 30%.
- Developed responsive web applications, enhancing user engagement through intuitive interfaces.
- Conducted rigorous unit and integration testing, ensuring software reliability and reducing bugs by 20%.

System Development Assistant CMR University | 2022

- Developed and implemented a robust library management system with secure login features.
- Designed optimized databases for book inventory and user records, reducing query time by 30%.
- Conducted unit testing and debugging to ensure application reliability.

Projects

Library Management System

- Developed a full-stack web application to manage library operations.
- Implemented secure user authentication and role-based access control.
- Designed an optimized database to handle inventory and user transactions efficiently.
